### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark D. Perdue on December 9, 2010.

The application has been amended as follows:

- In Claim 27 Line 1, "according to Claim 25" is replaced by --according to Claim 26--
- In Claim 28 Line 1, "according to Claim 25" is replaced by --according to Claim 26--

2. This application is in condition for allowance except for the presence of Claims directed to Claims 12-15 non-elected without indication of traverse. Accordingly, Claims 12-15 have been cancelled.

3. The following is an examiner's statement of reasons for allowance:

The closest prior art is regarded as Joseph (US 5,525,277 A), Schott (US 4,402,656 A), and Halter (US 4,189,288 A). Joseph and Schott teach much of the claimed apparatus, but do not teach that during extrusion of a blown film tube, a sizing

cage is capable of being moved via a controller/executable program based on sensor input that reports the distance from the sizing cage to the blown film. Halter discloses a sizing cage that is movable during extrusion, but is largely operative based on pre-set conditions and, inasmuch as it is capable of undergoing process control, is only responsive to measures independent of the position of the sizing cage, and thus neither Halter nor any of the remaining cited art teach or fairly suggest an apparatus with a sizing cage movement control routine that runs during an active extrusion process based on the distance between the sizing cage and the blown film.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to RYAN OCHYLSKI whose telephone number is 571-270-7009. The examiner can normally be reached on Monday through Thursday and every other Friday from 9:00-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Joseph Del Sole can be reached on 571-272-1130. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
